CALIPER SERVICE DIRECT

Steering and braking people in the right direction

Brand leading products

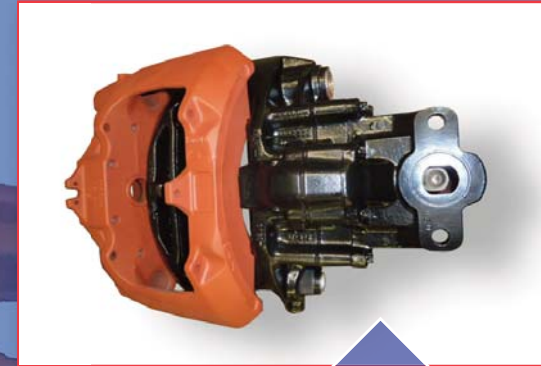

Quality controlled process

BUPI cleaning

Ultrasonic cleaning

Blasting away corrosion

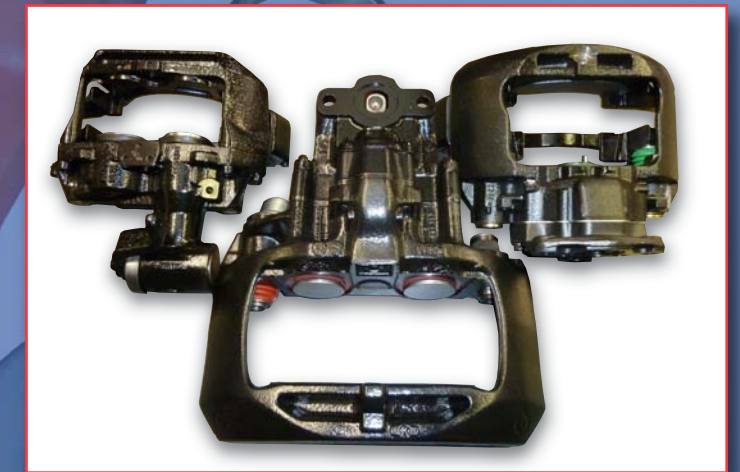

Full stock of quality spare components

Vigorous testing

Examples of the extensive range which includes Knorr, Wabco, Meritor, air and hydraulic

Final painting

The service exchange model has already been established with our major product of power steering. The same stringent quality controlled procedures will apply to calipers.

- Full core control of old units
- Cleaning and preparing of units for inspection
- Selection of components to be re-used
- Selection of components to hit the scrap bin
- We then select the best providers of After Market and Original Equipment components to be used in the Service Exchange Caliper
- Preparation of all units in red oxide
- Assembly of the caliper in a quality-controlled environment
- Vigorous testing over many cycles per minute
- Final inspection
- Final painting
- Shipped to you in an old unit returnable box
- Full twelve-month warranty with each unit

Example from our catalogue

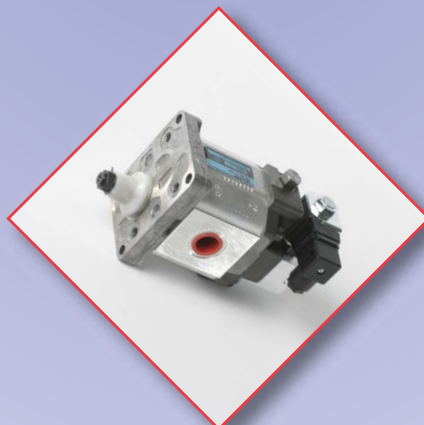

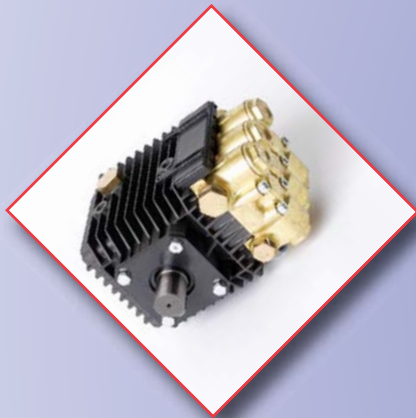

MAN Bus - 18.220 CALIPERS

CALIPER	81.50804-6474	81.50804-6508	SN7096	K010154	K014998	K003811	DPCAL333
	NSF/OSRact mount 0dg 81.50804-6500						
CALIPER	81.50804-6473	81.50804-6507	SN7086	K010153	K014997	K003812	DPCAL335
	LEFT SIDE actuator mount 0dg						
CALIPER	MERITOR LRG705 RIGHT SIDE, WITH EBS						DPCAL335
CALIPER	MERITOR LRG704 LEFT SIDE, WITH EBS						DPCAL336
CALIPER	MERITOR LRG575 LRG591 RIGHT SIDE 81.50804.6198						DPCAL337
CALIPER	MERITOR LRS574 LRG590 LEFT SIDE 81.50804.6197 D ELSA						DPCAL338
